Information & Overview
Language Course

Our language course provides knowledge and skills, and equips you to be a self-directed language learner. This course is mission-specific and allows you to learn and interact with peers and trainers over the course of 5 days.

Structure

Language Surveys: We will send you surveys several weeks before the training week, which is part of your pre-course work.

Online Coursework: We ask you to watch all the online videos before each live session. You can spread these online materials over several days so you can process the information.

Language Helpers: You will be asked to select your target language and look for a language helper to practice your skills during the course week. Our trainers will give you more details during live sessions.

Live Sessions: Language Course Zoom calls are 9:15 AM - 1:30 PM (Eastern time), Monday – Friday. We occasionally adjust the timing of live sessions but would first communicate with you.
